November 2, 1930
Haile Selassie I

21 Century Haile Selassie I Name be Praise by His People Haile Selassites in Temple worship.

We as Haile Selassites have come a long way and still have a long way to go.

Rasta has been through great struggle, trail and tribulations, from the days of lack of academic education to even Babylon Brutalization. We have even seen the days were Rasta men burn book and pencil. To now, were for a better social and economical development, education is a Must. HIM quote:

“Life is full of trails and tribulations and man in his struggle to survive and guide his own destiny has to be prepared to meet its many challenges, particularly in our modern world. Education can harness man’s immense potential and enable him to be better equipped in his lifelong pursuit so that he can utilize his strength and intellect to the highest use. Mankind has benefited from this through the ages”.

The force of yesterday struggle was from the outside forces. The Battle Adowa ,against the Christ child Tafari 1896. Fascist Italy invades Ethiopia 1935.MengistII through outside influence and support overthrew HIM government 1974.

Today the Rastafarians are faced with a greater struggle of internal forces. They have allowed the adversary to take control of them to where it has taken them off their destiny. Ezekiel 30:9 “In that day shall messengers go forth from me in ships to make the careless Ethiopians afraid, and great pain shall come upon them, as in the day of Egypt: for, lo it cometh”. Deceptions and lies live on their tongues. Isaiah 30:9 “That this is a rebellious people, lying children, children that will not hear the law of the Lord”.

The initiates have allowed the 5 senses to control their behaviors instead of the 7 senses, thinking and reasoning.

We have long been on the road of where we are coming from? Where we are?
